

Children's Ministry Sandy Sooter

Greetings New Hope Family!
Love Works was a success! Our Children's Ministry worked on three different projects:

1. "Thank You Celebrations" for the unsung ministers in our church. We couldn't get to everyone we wanted so we may choose to continue this once a month. We loved to take a moment to appreciate the behind-the-scenes ministers in our church. Everyone needs encouragement and it is my hope that our department encouraged these folks with "thank you's" and by praying over them.

2. Service projects: We hope to do more of these projects in June because we didn't get to all of the things we had hoped to do. We did wash tables and chairs after teamKID and that was exciting! The ReSet youth group helped too.

3. Our children's Sunday School went on prayer walks. I saw our children grow from this experience the most. At first it was difficult to pray for such an extended amount of time but they improved throughout the month. The children also began taking a very close look around them and began praying for all those who crossed our path. We will definitely continue prayer walks after Love Works!

I wanted to share some of our pictures from all of these projects. A big Thank You to Mr. Robert for helping to make all of these projects happen!
