Jenny Bussee

Merry Christmas!

November has come and gone, can you believe it? November at ReSet was awesome! The students participated in our 30 Hour Famine and had the opportunity to feed and pray over those in need. Several of the students heard from the Lord speak to them during this experience! So exciting!

We also got to have some fun at our Pie fellowship fundraiser. The highlight of the afternoon was watching our strapping young contestants strive to finish their (pumpkin, rookie mistake) pie first. What fun that was! Cody Gierisch came out on top finishing his ENTIRE pumpkin pie first! All together you helped us raise \$984 to help send our students to Haiti! THANK YOU THANK YOU!!!

Lastly, please be in prayer for the 13 students attending Ignition Student Conference at the end of the month. I ask that you pray for this time to be a time of revival, commitment, worship. I'm excited for you to hear the stories of how God moved during our time there. That's all for now, I leave you with some pictures from our last few months of events! Merry Christmas!
