

# Student Ministries

Jenny Bussee

## Love Worked!

Last month we took a little field trip to see the new Avengers movie. Prior to the movie beginning we walked around the surrounding parking lots and asked to pray over people as they passed by. Our first acceptance came from two young men loading their Best Buy purchase into their truck. It turned out they had both lost parents recently and needed to be comforted by God. One by one we each prayed over them and as we concluded they were both in tears and thanked us for encouraging them. It was right then that I realized we needed to do this as a ministry project.

We decided serve our community through "Parking lot Prayers." For two weeks we chose different parking lots in the high desert and spent 30 minutes approaching people and asking if they needed prayer. We had the chance to encounter people from all walks of life; some reluctant to have us pray over them, others eager to be loved on. We accepted both. With every yes or no we were driven to seek out more people, to share Gods love with whoever would give us opportunity.

This project gave the students a chance to take a risk and be bold for Jesus. I am convinced

that these students are setting the example of what it is like to be a disciple of Christ in their generation. In the coming months they will be equipped and encouraged to continue this growth process, starting with camp! The bible study at camp this year focuses on the life of Paul, and how to live on mission for Christ! What timing! I am consistently amazed by the students of ReSet and how they continue to challenge and encourage each other in their walks with the Lord. God has BIG plans....I can't wait to see what's next!

**Please be in prayer for the 14 students and 4 chaperones headed to camp this month!!!**
